Answer: Consistent with the Application, Troutman Pepper shall, on a monthly basis, charge the lesser of (a) the blended rate of \$750/hour for all timekeepers or (b) its standard hourly billing rates for professional services rendered for such applicable month (subject to the discount of approximately 25% for certain timekeepers, as stated in the Application). - B. If the fees sought in this fee application as compared to the fees budgeted for the time period covered by this fee application are higher by 10% or more, did you discuss the reasons for the variation with the client?

Answer: Not applicable, as the fees sought in this fee application are well within the amounts budgeted.

- C. Have any of the professionals included in this fee application varied their hourly rate based on the geographic location of the bankruptcy case?

Answer: None of the professionals included in the Application varied their hourly rate based on the geographic location of the bankruptcy case.

- D. Does the fee application include time or fees related to reviewing or revising time records or preparing, reviewing, or revising invoices? (This is limited to work involved in preparing and editing billing records that would not be compensable outside of bankruptcy and does not include reasonable fees for preparing a fee application.). If so, please quantify by hours and fees.

Answer: No, the Application does not include time or fees related to reviewing or revising time records.

- E. Does this fee application include time or fees for reviewing time records to redact any privileged or other confidential information? If so, please quantify by hours and fees.
